

We supply the full range of  
Coburn products – details of  
different product groups can be  
found below

## COMPANY HISTORY

Hillaldam Coburn has a heritage in manufacturing and development dating back to 1911. From modest beginnings in South London, manufacturing trolley wheels, the company has grown to become a major supplier of sliding systems to the construction and building industries worldwide.

From the very first order in August 1911 to the present day, the basic design principle of the Coburn System remains constant. Technology, material and styling have all developed and improved, but the Coburn hallmark still promises the ultimate in quality, reliability and service.

## OUR APPROACH

As architectural **systems' specialists** we have evolved a passion for manufacturing products that combine form and function.

We understand both the aesthetic aspirations and functional requirements of an application and from the outset work closely with customers to realise the full potential of their building projects. Knowledge sharing and flexibility in our manufacturing base are key to the fulfilment of this process.

A proactive and consultative approach to service means we will always provide transparent and innovative technical advice to support our products.

Enduring customer relationships are sustained through our understanding of construction processes and a dedication to outperforming your expectations.

## THE COBURN RANGE

Hillaldam Coburn offers a vast range of sliding and folding systems. Typical Applications include: -

- Cupboards and Wardrobes
- Room Dividers
- Pocket Door systems
- Sliding Shelving
- Barn Door gear
- Warehousing
- Aircraft Hangers
- Showroom Partitions
- Reception Hatches
- Patio Doors

TRADITION OF INNOVATION

Whether you are seeking to fulfil a vision, demonstrate an eye for detail or to change the mood of an entrance to a working or living space - our ranges of sliding door gear systems will give your design more creative possibilities.

The Coburn range of sliding and folding systems offers solutions for many applications. From kitchen cupboards to aircraft hangers.

Sliding door systems in wood and steel offer maximum flexibility with both sliding and folding options. A broad range of configurations ensures a considered finish to interior or exterior applications.

## ALSO IN OUR RANGE

- Acoustic Fabric Partitions
- Moveable Walls
- Rediframe Metal Door Frames
- Dictator Door Products

Fabric Partitions are the most affordable way to maximise space incorporating sound reduction into the partition up to  $Rw_{dB} > 35$ . Various layout options and colours available.

The Hillaldam Coburn range of moveable walls is available with vary degrees of sound attenuation to assist noise control. Available in several material finishes and glass, they are perfect for conference and training rooms and designed with flexibility in mind.

Rediframe– prefinished steel door frame for rapid fit to suit timber or metal stud work. Available in a range of colours and sizes. 30 minute-Fire resistant to BS476 Part 22.

Dictator Door Products – As the UK Distributor for Dictator we offer a wide range of soft close and damping solutions including Door Check Devices, Hawgood Hinges and Gas Springs.

## SERVICE PROMISE

## TRACK RECORD OF EXCELLENCE

## CUSTOMER BASE

Our clients are drawn from a wide range of sectors including:

- Commercial
- Retail
- Leisure
- Education
- Social Housing
- Private Residential
- Health Care

We routinely work closely with the Architect/Specifier to ensure the best possible solution/specification for any given situation.

Hillaldam Coburn has a history of commitment to quality and technical development. Constant testing ensures that quality is maintained and a programme of product improvement is regularly reviewed and updated.

Our products are tested to the latest BS EN Standards and the company was one of the first in the industry to have operating procedures approved under BS EN ISO 9001.

The company is an active member of the Association of Builders Hardware Manufacturers and the Guild of Architectural Ironmongers.

A family owned business until 1986, Hillaldam Coburn is now part of JBS Industries. JBS Industries is a privately-owned group with a strong cross-industry portfolio that includes sister companies Consort Limited, Nico Manufacturing and Solair Limited, established suppliers in their respective marketplaces. Through a separate trading division, TRIM Acoustics, we also supply acoustics products for home and commercial applications.
